

INTRODUCING AZTEC'S NEW

DiamondShine

24" & 30" Concrete Honing & Polishing Machine

Eliminates electric cords • Powered by 17 hp Kawasaki Propane Engine

Made in the USA

EPA and CARB Certified

12 Diamond cups mounted on 3 polishing heads produce aggressive mirror-like finish

Counter-rotational planetary drive at 1200 rpm on gimbaled solid-steel main head

Main head counter rotating at 250 rpm delivers unmatched aggressiveness with zero side torque even on irregular floors

FEATURES

- 300 lbs. head pressure
- 8 Gallon solution tank
- Manual water feed control
- Solid steel construction
- Heavy duty centrifugal clutch
- Solid non-slip wheels eliminate bounce
- Easy belt access through removable deck panel
- Rubber couplings reduce vibration
- Premium sealed bearings
- Dimensions: 45"H x 42"L
- Shipping Wt. 400 lbs.
