

LowRider sapphire™ Battery Burnisher

27" Prototype Image

Features

- Zero emissions
- Safe & efficient 2.4 kWh LiFePO4 lithium battery
- Smaller 1.2 kWh LiFePO4 battery option
- Swappable batteries for unlimited run time
- Quick charge battery technology
- Weatherproof with corrosion resistant materials
- UL & CSA approved power system
- USA designed and engineered 48V BLDC motor
- Intelligent motor controller
- Available in 21", 24" and 27"
- Dust control upgrade included
- Rugged, all steel construction
- Whisper quiet operation

LowRider Sapphire Specifications

Pad Size Options	21", 24", and 27"
Motor	48V, 3100 RPM
Battery Life	Approx 4000 Cycles
Machine Weight	Approx 330 lbs
Machine Height	36"
Machine Width	23" - 29"
Shipping Weight	Approx 450 lbs*
Battery Warranty	5 Years
Motor Warranty	3 Years
Machine Warranty	3 Years <i>(excluding wear parts)</i>
Noise Level	Approx 70 dB
